

MT-5805-870

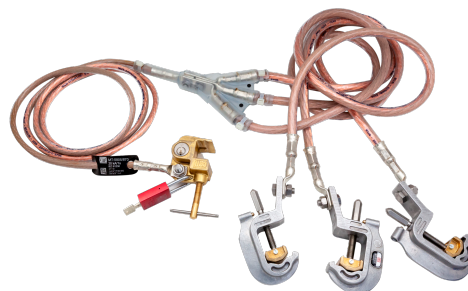

Earthing and short-circuiting Equipment with locking clamp

Application :

- Portable equipment for overhead networks.
- Icc: 20 kA/1 s.

Features :

- **MT-815-C** conductor clamps with 12 mm type C hexagonal tip on flat surfaces.
- Clamp capacity: round from 5 to 35 mm and flat from 5 to 40 mm.
- Plastic carrying case.
- Lockout earth vice prevents forgetting the MALT in place before powering up again.

Composition :

- 3 pliers for conductors **MT-815-C**
- 1 **MT-870** lockout earth vice
- 1 set of 3 short-circuit cables, 70 mm² cross section, 1.5 m long, PVC-insulated.
- 1 Malt cable, 35 mm² long. 2.5 m PVC insulated.
