

MT-66131

Network Type : LV

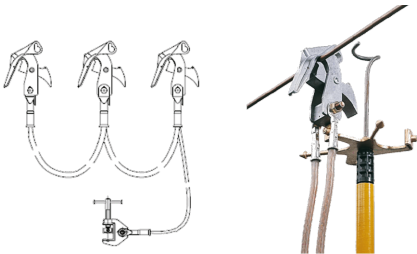

Earthing and short circuiting equipment for overhead LV network

Application :

- LV Earthing and short circuiting equipment for overhead network.
- Icc 20 kA/1s.

Composition / Features :

- 3 x Pre-armed earthing and short-- circuiting clamps [MT-613](#). Capacity conductor diameter 5-30 mm.
- 1 x Earthing clamp [MT-840-1](#). Capacity round conductor diameter 6-25 mm / flat bars 0-25 mm.
- 1 x Earthing and short circuiting clamp holder tray [MT-635/1-C](#).
- 2 x Junctions between phases in 95 mm² insulated copper cable. Length: 3 m.
- 1 x Junction to earth in 35 mm² insulated copper cable. Length: 15 m.
- 1 x Bag [M-87295](#).
