

MO-131/2

Filtering mask FFP3 duckbill (x20)

Application:

- Single-use filtering respirator mask.
- FFP3 protection: solid and liquid toxic particles (99% filtration of aerosols of average size 0.6 µm).
- Adaptable to all morphologies thanks to the nose clip.
- Comfortable thanks to the elastics passing behind the head.

Features:

- Shape: duckbill.
- With exhalation valve.
- Delivered in a dispenser box of 20 pieces, individually packaged.
