

MT815X

CLAMP

FIELD OF USE:

Clamp for medium voltage installations.

CHARACTERISTICS:

Test current : 30 kA / 1s

- Body and jaw made of aluminium.
- Screw made of copper aluminium alloy.
- Internal diameter of the manoeuvring end fitting ring
- Earth cable connection for crimped lug by hole Ø 13 mm on clamp.
- Clamping capacity: round or flat from 5 to 40 mm.
- Dimensions : 44 x 125 x 180 mm.
- Weight: 0,6 kg.

Ref	ICC (kA/1s)	Capacity
MT-815-S1	30	rounds from 5 to 35 mm. Flats from 5 to 16 mm. Thick and 40 mm wide.
