

AFG-2500...

CAT'ARC multi-risk sweat to protect against electric arc APC
1 ATPV 12 cal/cm²

Application:

- Multi-risk protection: protection against thermal arc hazards of an electric arc, heat and flames, and antistatic.
- Prevention of the worsening of an accident by quickly and easily removing the sweatshirt thanks to the red anti-panic zip.

Features:

- To wear with pants and polo-shirt [AFG-2001...](#) [AFG-2400....](#)
- High collar providing effective protection up to the neck.
- EASY fastening tab with hook-and-loop fastener at middle front.
- Standard pictograms: clearly visible on the left sleeve.
- Interlock main fabric with brushed interior for thermal insulation and softness.
- Content: 50% cotton, 39% modacrylic, 10% viscose, 1% antistatic fibre.
- +/- 380 gsm.
- Size recommendation: we recommend you to order the same size than the jacket [AFG-2000-....](#)
