

MP-220..

Insulating Orange Blanket Class 0

Application:

- Orange elastomer insulating blanket used to insulate bare or insufficiently insulated conductive parts during live work.
- For live working.
- Operating voltage: 1 000 V AC - 1 500 V DC.

Features:

- In accordance with IEC 61112 Class 0 standard and the specific properties:
 - Category A: Acid resistance;
 - Category Z: Ozone resistance.
- Operating temperature range : -25°C to +55°C.
- Orange elastomeric material.
- High puncture resistance.

Reference	Dimensions		Voltage		Thickness (mm)	Weight (kg)
	Length (mm)	Width (mm)	Operating Voltage AC	Operating Voltage DC		
MP-220	1 000	1 000	1 000 V	1 500 V	1,2	1,5
MP-220/1	10 000	1 000	1 000 V	1 500 V	1,2	15
