

MO-720..

Insulated Bi-material 6mm Slotted Flat Head Screwdriver

Application :

- The CATU insulated flat headed screwdrivers for slotted screws are designed to protect you, up to 1000 V AC - 1500 V DC. These screwdrivers have an ergonomic bi-material grip which gives you better comfort and control. Our IEC 60900 compliant screwdrivers are an excellent choice for both electrical and industrial applications where safety is paramount. You can be assured that the bi-material screwdrivers have been through rigorous testing as set by the IEC 60900 standard to ensure that they are safe to use when live working up to 1000 V AC and 1500 V DC.

Features :

- Insulated slotted, flat head screwdriver for live working at low voltage
- Maximum operating voltages: 1 000 V AC - 1 500 V DC
- Orange and black bi-material insulation
- Black soft anti-slip material on handle
- 6mm tip for slotted head screws
- 150mm Long
- Metallic tool in accordance with standards DIN 5265, ISO 2380
