

CT-7-...1

Set of 4 anti-slip pads for insulating platform

Application:

- This set of 4 anti-slip pads is designed to provide a stable and secure foundation for insulating platforms, ensuring both safety and durability. Made from high-quality, resilient material, the pads effectively absorb vibrations and reduce noise while preventing unwanted movement on smooth or uneven surfaces.

Features:

- Set of 4.
- Can be used on [CT-7-25-1](#) and [CT-7-40-1](#)
