

MT-295.-..

Fixed point sphere Ø 20 mm. Icc 20 kA/1s

Application :

- Fixed points for connection with MALT/CC systems.
- Icc: 20 kA/1s.
- Allows the creation of clearly visible and accessible points dedicated to the installation of MALTs.

Features :

- Material: tinned copper.
- 24 mm hexagonal base on flat surfaces.
- Threaded hole M12 or threaded rod M12, depending on the references, for fixing on support.
- They allow the MALTs to be installed at variable angles.
