

## MO-64502

Network Type : LV

Insulated senior hacksaw.

### Application:

- Insulated Hacksaws for live working.

### Features:

- Provides a critical layer of protection against electrical shocks, ensuring your safety on the job.
- The grip and precision-engineered blade make cutting conduit, cable trays, and electrical enclosures effortless and efficient.
- Maximum operating voltage: 1 000 V AC - 1 500 V DC.
- Conforms to IEC 60900
- Includes 24 TPI 300mm blade

Ref	Dimensions	Length (mm)	Weight (kg)	Voltages for use	
				Operating Voltage AC	Operating Voltage DC
MO-64502	495 x 165 x 30	495	0,8	1 000 V	1 500 V
