Bi-material Insulated Waterpump Pliers

The CATU insulated water pump pliers are designed to protect you, up to 1000 V AC - 1500 V DC. These water pump pliers have an ergonomic bi-material grip which gives you better comfort and control for when gripping different materials. Our IEC 60900 compliant pliers are an excellent choice for both electrical and industrial applications where safety is paramount. You can be assured that the water pump pliers have been through rigorous testing as set by the IEC 60900 standard to ensure that they are safe to use when live working up to 1000 V AC and 1500 V DC.

Application :

- Insulated waterpump pliers for live working at low voltage

Features :

- Maximum operating voltages: 1 000 V AC - 1 500 V DC
- Orange and black bi-material insulation
- Black soft anti slip material on handle
- Tool body in high-strength chrome vanadium steel, resistant to impacts and corrosion
- Metallic tool in accordance with standard DIN ISO 8976
- Made according to standard EN IEC 60900
- 250mm Long
- Opening 32mm

Ref	Length (mm)	Weight (kg)	Voltages for use	
			Operating Voltage AC	Operating Voltage DC
