### Bi-material Insulated Wire Stripper Pliers

The CATU insulated wire stripping pliers are designed to protect you, up to 1000 V AC - 1500 V DC. These wire strippers have an ergonomic bi-material grip which gives you better comfort and control for stripping wires. Our IEC 60900 compliant pliers are an excellent choice for both electrical and industrial applications where safety is paramount. You can be assured that the wire stripping pliers have been through rigorous testing as set by the IEC 60900 standard to ensure that they are safe to use when live working up to 1000 V AC and 1500 V DC.

#### Application :

- Insulated wire stripper pliers for live working at low voltage

#### Features :

- Maximum operating voltages: 1 000 V AC - 1 500 V DC
- For use with single, multi-wire conductors and fine wires
- Easy adjustment of the cable or wire diameter can be obtained with the knurled nut and lock nut.
- Orange and black bi-material insulation
- Black soft anti slip material on handle
- 160mm Long
- Tool body in high-strength chrome vanadium steel, resistant to impacts and corrosion
- Metallic tool in accordance with standard DIN ISO 5743
- Made according to standard EN IEC 60900
- For cable cross-section: 0.5 to 10 mm<sup>2</sup>.

Ref	Length (mm)	Weight (kg)	Voltages for use	
			Operating Voltage AC	Operating Voltage DC
