Bi-material Insulated Cable Cutter Pliers

The CATU insulated cable cutting pliers are designed to protect you, up to 1000 V AC - 1500 V DC. These cable cutting pliers have an ergonomic bi-material grip which gives you better comfort and control for cutting copper or aluminium wires. Our IEC 60900 compliant pliers are an excellent choice for both electrical and industrial applications where safety is paramount. You can be assured that the cutting pliers have been through rigorous testing as set by the IEC 60900 standard to ensure that they are safe to use when live working up to 1000 V AC and 1500 V DC.

Application :

- Insulated cable cutter pliers for live working at low voltage

Features :

- Maximum operating voltages: 1 000 V AC - 1 500 V DC
- Orange and black bi-material insulation
- Cutting capacity: 6 mm diameter or 16 mm<sup>2</sup> cross-section, copper or aluminium.
- High-strength steel tool body, ANSI A-A-52208 compliant.
- Made according to standard EN IEC 60900
- Ergonomic, non-slip, bi-material insulating handle.

Ref	Length (mm)	Weight (kg)	Voltages for use	
			Operating Voltage AC	Operating Voltage DC
MO-72200	160	0.170	1 000 V	1 500 V
