Bi-material Insulated Bent Nose Pliers

The CATU insulated bent nose pliers are designed to protect you, up to 1000 V AC - 1500 V DC. These bent nose pliers have an ergonomic bi-material grip which gives you better comfort and control for when cutting different materials. Our IEC 60900 compliant pliers are an excellent choice for both electrical and industrial applications where safety is paramount. You can be assured that the bent nose pliers have been through rigorous testing as set by the IEC 60900 standard to ensure that they are safe to use when live working up to 1000 V AC and 1500 V DC. The bent nose pliers are ideal for giving you accessibility in confined spaces.

Application:

- Insulated bent nose pliers for live working at low voltage.

Features:

- Maximum operating voltages: 1 000 V AC - 1 500 V DC
- Orange and black bi-material insulation
- Black soft anti slip material on handle
- 160mm Long
- Tool body in high-strength chrome vanadium steel, resistant to impacts and corrosion
- Metallic tool in accordance with standard DIN ISO 5746
- Made according to standard EN IEC 60900

Ref	Length (mm)	Weight (kg)	Voltages for use	
			Operating Voltage AC	Operating Voltage DC
