

DX-03...

Network Type : LV

Magnetic adapters for controls on screw terminals.

Application :

- Semi-temporary control of voltages on terminal blocks equipped with steel screws.
- Quick connection and disconnection to the terminal block thanks to the magnetic head.

Features :

- Magnetic plug Ø 6 mm at one end, Ø 4 mm IP2X female plug at the other.
- Magnetic insulated head over its entire length.
- Gripping barrier recalling the forbidden touch zone.
