

CGM-4-.-ARC-40

Insulating gloves with mechanical protection length: 410 mm

Application:

- 3 in one gloves with individual protection against electric arcs during live working at 36 000 V AC (class 4); mechanical protection against tearing (to be used without over gloves) and thermic (Arc Flash 40 cal/cm², APC 2 :Box test 7kA).
- Wellfit finish: soft, supple, durable and ergonomic with high flexibility to ease the work.
- Convenient to any hand shape.

Features:

- Electrical insulating gloves, class 4 (36 000 V AC, 54 000 V DC). Protection against electric arcs 40 cal /cm²
- Cut edges.
- Material: bicolor natural latex. (exterior: orange, interior: natural).
- Traceability through flashcode on color-coded label. The color is according to the class.
- Category: RC (Acid, Ozone, Cold, Oil resistance).
