

MT-9804-P

Earthing and short-circuiting equipment, Icc 10 kA/1s

Application :

- Earthing and short-circuiting equipment for station.
- Icc 10 kA/1s.

Features / Composition :

- 3 clamps [MT812C](#). Capacity: diameters from 5 to 16 mm and flat up to 16 mm thickness.
- 3 swivelling clamps [EMCC2851H](#). Capacity: diameters from 5 to 34 mm.
- 1 earth clamp [MT840/1](#). Capacity: diameters from 6 to 25 mm and flats up to 25 mm thickness.
- 3 PVC insulated copper short-circuit cables 35 mm² section, length 0.75 m.
- 1 earthing cable in PVC insulated copper with 16 mm² cross section, length 2.5 m.
- 1 telescopic pole [MT830P](#).
- 1 carrying case.
