

CGM-...-800

Long Electrical insulating gloves with mechanical protection,
class 2-17000 V AC

Application:

- Comfortable: soft, durable and ergonomic with high flexibility to ease the work.
- Bell cuff, cut edges.
- Convenient to any hand shape and arm.
- Resistant: latex with reinforced mechanical protection against tearing. To be used without over-gloves.

Features:

- Electrical insulating gloves, class 2 (17 000 V AC, 25 500 V DC). Protection against electric arc. Length : 800 mm
- Material: bicolor natural latex. (exterior: orange, interior: natural).
- Traceability through flashcode on color-coded label. The color is according to the class.
