

Earthing Equipment for electric motors 14 kA / 1s.

Applications:

- Earthing and short-circuiting equipment for industrial motors.
- Unique and innovative: Finally, a solution adapted to the problems of all industrial engines.
- · Security: Ensures the earthing of installations during maintenance.
- · Easy and safe to use.
- Universal: Suitable for most installations.
- Allows working on cables with or without lugs.

Features:

- · Maximum short circuit intensity 14 kA / 1s.
- 1 body made of copper alloy.
- Connection points for earthing and short-circuiting cables equipped with lug terminals from Ø 8 mm to 12 mm.
- Connection points for earthing and short-circuiting cables from \emptyset 4 mm to 8 mm.
- 1 earthing cable made of copper with extra flexible PVC insulation, crosssection 50 mm², length 2 m.
- 1 earthing clamp MT-840/1
- 1 protection cover.
